### Key Features

- High Power
- Custom Lengths
- Colour Options

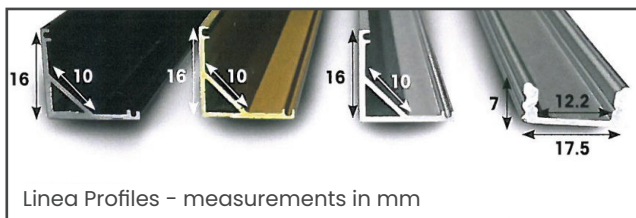

Parify's unique solution to providing high levels of balanced discreet lighting in showcases is bespoke Linea profiles.

Linea is a unique blend of attractive aluminium heat-sink profiles and high output LED's. The Linea range of bespoke, made to measure LED lighting strips provides high levels of light in a dimmable (by demand), unit which is mountable either by clips or by 3M's renowned VHB linear adhesive.

With profiles available in satin aluminium, black, gold or bespoke configurations, clear white or opaque lenses, Linea has most applications covered.
