

**PARIFY**  
LIGHTING

### Key Features

- Incredible Sparkle
- Silent Running
- Easy Install

## DIAMOND SPARKLE

Diamond Sparkle is our unique high performance revolving LED system.

The rotation is designed to create dramatic sparkle in gemstone displays.

When installed alongside high performance downlights, the two work synergistically to create a stunning sparkle like no other.

x6 1w LED's coupled with a 15 degree beam angle provide a 'user speed adjustable' solution that creates the subtle sparkle that is so much in demand by retailers.

Using light creatively to drive sales
